

Sinclair Broadcasting's decision to air this heavily partisan "documentary" just weeks before the Presidential election is wrong in every sense of the word. As a citizen and more importantly a soldier, I feel this is an abuse of power, a disgusting, sycophantic move designed to curry favor with the current administration. I have risked my life overseas to defend our freedom at home, this is an abuse of the sacrifice that I have made. Do not allow this to stand, fulfill your obligation to safeguard our airwaves. Thank you.
